On 3 May, [] Acting Director of Logistics (AD/L), hosted a meeting with two representatives of [] Civic Association to discuss mutual concern regarding the street parking problems at the []. The AD/L started the meeting by giving a brief overview of the parking situation on the compound area, the problem the Agency was having with keeping employees from parking on the streets, and some of the short and long term solutions the Agency is presently studying to alleviate the problems. The representatives of the Civic Association stated that they wanted to assure the Agency they were not there to register a complaint but, instead, appreciated the opportunity to discuss their concerns, i.e., blocking the mailboxes which prohibits citizens from getting their mail, and the safety problems that are associated with street parking. Overall, the meeting went very well with both groups obtaining a better understanding of each other's problems and agreeing to keeping an open dialogue in finding a solution.
